KIMTECH PURE[®] Brand Protective Apparel

KIMTECH PURE[®] A5 Sterile Cleanroom Apparel

Patent-Pending Highly Visible Blue Line along the inside of the garment signals the proper place to grasp while gowning, helping workers avoid touching the outside of the garment.

Cloth-Like Comfort is delivered by the SMS (Spunbond Meltblown Spunbond) material that goes into the KIMTECH PURE[®] A5 Coverall.

Built-In Thumb Loop keeps garment sleeve from rolling back and exposing arm or wrist.

Innovative Inside-Out Fold pattern presents the inside of the garment as the package is opened, reducing the risk of touching and contaminating the outside of the apparel.

Patent-Pending Snap Technology features built-in snaps that gather up legs and arms to lower the risk of touching the floor, then automatically release as garment is put on.

Typical Uses:

(ISO 5-8 Cleanroom Environments)

- Compounding
- Mixing
- Filling
- Cleaning

KIMTECH PURE[®] A5 Sterile Cleanroom Apparel**

KIMTECH PURE® A5 Coveralls and KLEENGUARD® Brand Coverall REFLEX® Design Sizing Guide

KIMBERLY-CLARK PROFESSIONAL® Protective Apparel features our unique, patented REFLEX® Coverall Design which exceeds ANSI minimum standards. KIMBERLY-CLARK PROFESSIONAL® garments with the REFLEX® Coverall Design are larger and 7.5 times less likely to rip out vs. coveralls sewn to ANSI minimum sizing. That means they provide longer wear, which results in lower cost-in-use and increased worker productivity.

Cleanroom apparel size Small is also available.

KLEENGUARD® Brand Protective Apparel

KLEENGUARD® A40 Liquid & Particle Protection Apparel

- Better liquid barrier, better particulate barrier, lower in lint than Tyvek®
- Meets ANSI/ISEA 101-1996 sizing standards
- Passes ASTM F1670 testing for penetration of blood & body fluids

Typical Uses:

- Liquid handling
- Pressure washing
- Utilities
- Maintenance
- Cleanroom construction
- Medical research facilities

Breathable, microporous film laminate

KIMTECH PURE[®] G3 and G5 Sterile Gloves

KIMTECH PURE[®] G3 Sterile STERLING[®] Nitrile Gloves

Our KIMTECH PURE[®] G3 Sterile STERLING[®] Nitrile Gloves are Engineered for Protection and Designed for Comfort. When double-donned, the G3 Sterile STERLING[®] provides the feel and dexterity of a single glove without the risk of Type 1 latex allergic reactions.

Product Features:

- Latex-free
- Hand-specific pairs
- Static dissipative in use
- 4.0 mil thick
- Packaged for aseptic donning

Recommended for ISO Class 4 or higher cleanroom environments

KIMTECH PURE [®] G3 Sterile STERLING [®] Nitrile Gloves										Packaged in a Class 100 Cleanroom	
Description	Color	6	6.5	7	7.5	8	8.5	9	10	Pairs/Bag	Total/Case
KIMTECH PURE [®] G3 Sterile STERLING [®] Nitrile Gloves - 12"	Sterling	11821	11822	11823	11824	11825	11826	11827	11828	30/10	300

Advantages of KIMTECH PURE[®] Gloves

Acceptable Quality Level (AQL)

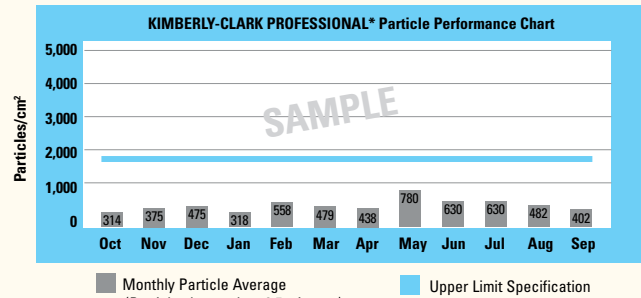

- Refers to the probability of having defective gloves within a lot
- The lower the AQL number, the lower the probability of defective gloves
- KIMTECH PURE[®] Gloves exceed ASTM standards for freedom from pinholes and critical defects (*ASTM = AQL 2.5; KIMTECH PURE[®] Gloves = AQL 1.5*).
- A low AQL for pinholes is important – the lower the number of pinholes, the greater the level of barrier protection

Go to www.kimtech.com/certificates for detailed Trend & Technical Data

The Importance of Trend & Technical Data^{††}

- Demonstrate consistent product quality over time
- Trend data indicating particle counts and extractable levels are available for KIMTECH PURE[®] G3 (nonsterile) Latex and Nitrile Gloves

Example based on historical Critical Nitrile Data

^{††} Tested according to the procedure as described in IEST-RP-CC005.3: Gloves and Finger Cots Used in Cleanrooms and Other Controlled Environments

KIMTECH PURE® G3 Sterile White Nitrile Gloves

(formerly SAFESKIN® Sterile Critical Nitrile Gloves)

Product Features:

- Latex-free
- Hand-specific pairs

KIMTECH SCIENCE® Brand Wipers

KIMTECH SCIENCE® KIMWIPES® Wipers

The industry standard for labs and research

Introduced over 60 years ago, KIMTECH SCIENCE® KIMWIPES® Wipers were the first delicate task wiper for laboratories and since then have been the market leader for wiping surfaces, parts, instruments and cleaning lenses.

Other products have tried to imitate, but have never matched the original. Don't put your delicate processes at risk!

Product Features:

- Also available in 2 and 3-ply for increased absorbency
- Gentle texture

One-at-a-time dispensing

Low lint and low extractables

KIMTECH SCIENCE® KIMWIPES® Wipers are preferred over the leading private label delicate task wipers.†

KIMTECH SCIENCE® KIMWIPES® Wipers	Leading Private Label Wipers
100% virgin fiber for purity	Mix of virgin and recycled fiber
Absorbs 18% more water	Absorbs less water
Absorbs water 24% faster	Slower rate of absorption
Preferred for softness; won't scratch delicate surfaces when used wet	Rougher feel

† According to an independent study

KIMTECH SCIENCE® KIMWIPES® Wipers

KIMTECH SCIENCE® Lens Cleaning Stations

Product Features:

- Ideal compact unit for your eye safety program
- Use anywhere safety goggles are worn
- Anti-static, anti-fog; silicone-free cleaning solution removes dirt quickly and easily
- Wipers won't scratch delicate surfaces when used wet

Typical Uses:

- Labs
- Manufacturing facilities
- Welding operations
- Refineries
- Food processing
- Printing
- Medical/dental offices

Wipers dispense one at a time for ease of use

KIMTECH SCIENCE* Brand and KIMTECH PREP* Brand Wipers

KIMTECH SCIENCE* Bench Top Protector

Product Features:

- Flat, stable surface helps protect experiments and delicate glassware
- Quickly absorbs spills
- Better wet durability than competitive sheet and roll products
- Slip-resistant polyethylene backing keeps mats in place
- Lies flat and remains flat even after drying

Fluid barrier resists harsh chemicals

Available in sheets or rolls

KIMTECH PREP® Wipers

for the WETTASK® Refillable Wet Wiping System

Choose the KIMTECH PREP® Wiper that works best for your task & add the chemical solution you already use

Product Features:

- Reduces exposure to chemical vapors & splashes
- Eliminates potential chemical spills
- Clean, fresh wiper every time
- Enclosed system helps to avoid contamination of the wipers and cleaning solution when in use

Typical Uses:

- Surface preparation
- Surface cleaning, sanitizing, and disinfecting
- Cleaning and removing soil, oil and grease
- Solvent application

3 Easy Steps

Available in two sizes

Our Guarantee

Your total satisfaction means everything to us. If, for any reason, our products do not meet your expectations, Kimberly-Clark will reimburse you† for your initial purchase, via FREE product, for up to \$1,000.

For more information on KIMBERLY-CLARK PROFESSIONAL*, visit us online at www.kcprofessional.com, contact your Kimberly-Clark Sales Representative, or call us at 1-888-346-GOKC (4652).

† Guarantee extended to consuming end-user accounts only.

⚠ WARNINGS: Improper use or failure to heed warnings may result in serious injury or death.

Protective Apparel should be replaced immediately if ripped, torn, abraded or punctured.

Fabrics are not flame resistant unless specified. Keep away from sparks, flames and sources of ignition. Melting fabric can cause severe burns.

It is the responsibility of the user to assess the level of hazardous chemical exposure and then decide on the appropriate personal protective equipment needed for each circumstance.

The information provided within this literature refers to the performance of the fabric only, in the laboratory under controlled conditions.

Kimberly-Clark makes no representation that its products will provide complete protection from exposure to contaminants.

Do not use respirators for sandblasting or to protect against asbestos, lead-based paint, pesticides, oil aerosols, vapors or gases. Do not wear respirators when conditions prevent a good facial seal. It is important to fit check the respirator each time it is worn. KLEENGUARD* Brand Respirators are not for medical use and should never be altered or modified.

† Except R95 or P95

Reduce Today, Respect Tomorrow* is the KIMBERLY-CLARK PROFESSIONAL* approach to sustainability. It begins with the understanding that the way we use resources today shapes the world of tomorrow. And it has led us to focus on reducing consumption at every stage of the product lifecycle – from design and manufacture to distribution and disposal. Reduction is the key to lowering the environmental impact of our activities as well as those of customers. To learn more, visit www.kcreducetoday.com/us
