

PurMop BLACK®

Carbon Fiber Mop System

Telescopic Handle & Frame

ISO	3	4	5	6	7	8
GMP			A/B		С	D

PurMop BLACK® C1 is an innovative mopsystem for cleanroom cleaning, which consists of a telescopic handle & frame. It consists of a combination of carbon fiber and PEI plastic. The lightweight handle has a continuous adjustment by pushing a button on the upper and middle handle grip. The holder can be opened quickly by pressing a button in the middle handle. The quick-change system allows the handle and frame to be separated without tools. The excellent ergonomics allow for easy wall & ceiling cleaning. With a length adjustment between 145 cm and 212 cm, the C1 is suitable for almost all cleaning tasks.
